The Problem

Why This Portal?

India is the world's largest democracy — yet voter turnout remains low, especially among youth and first-time voters.

→ No single resource

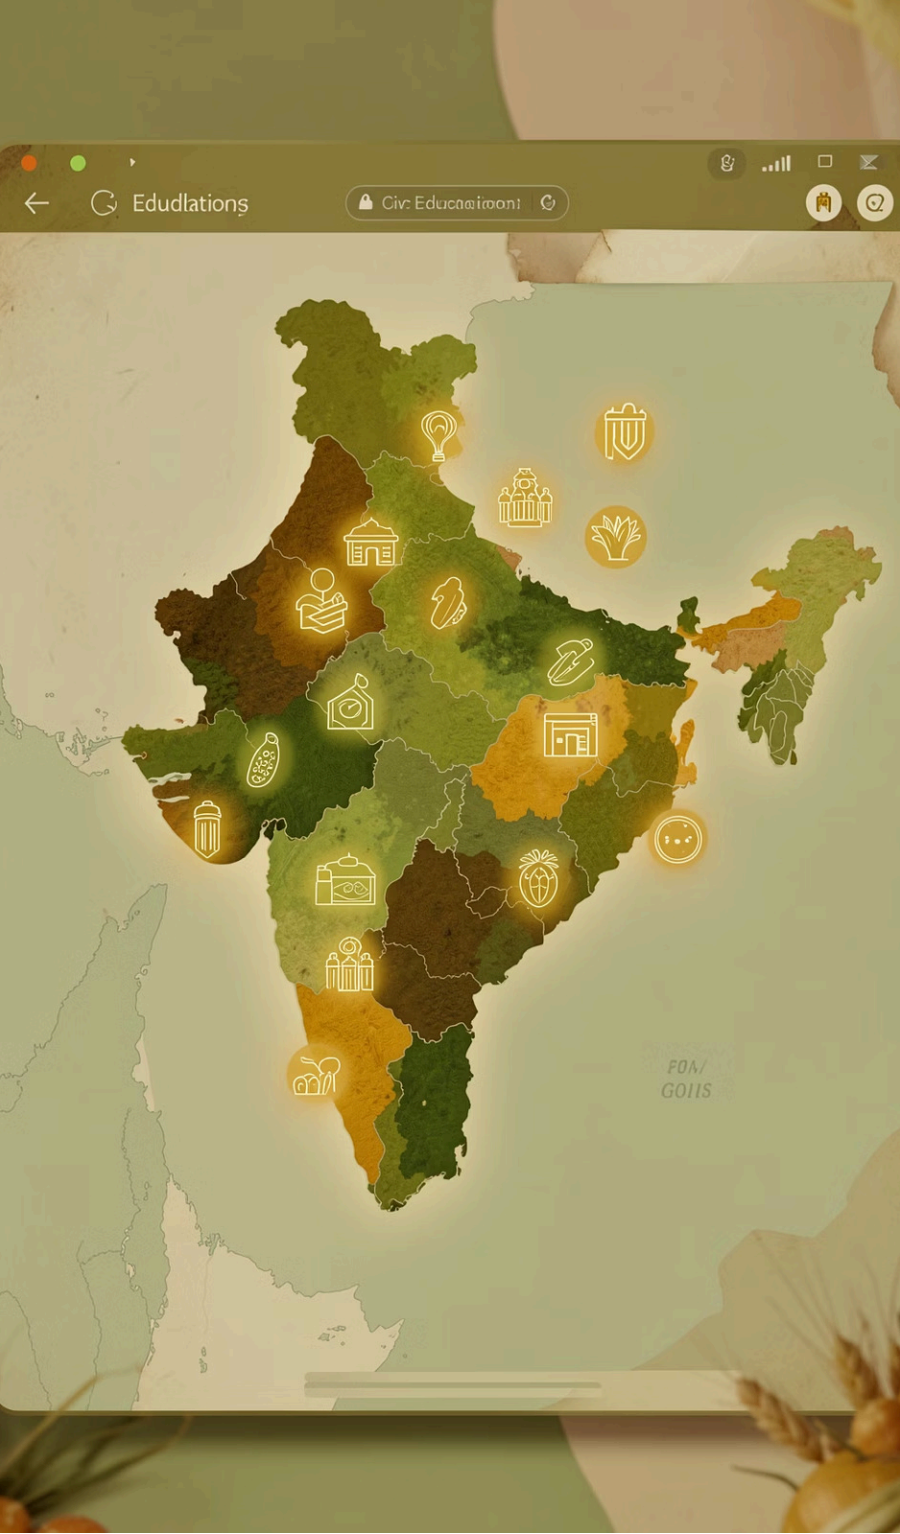

Existing portals (NVSP, ECI) are transactional, not educational.

→ Awareness gap

Many citizens are unaware of registration, EPIC, or polling procedures.

→ Limited outreach

Traditional campaigns don't reach digitally connected youth.

What is Matdaan Jagrukta?

A comprehensive, responsive web portal providing accessible voter education — registration guides, voting rights, FAQs, awareness campaigns, and official ECI resources — all in one place.

Voter Registration

Step-by-step Form 6 guide

Voting Process

EVM, VVPAT & polling day steps

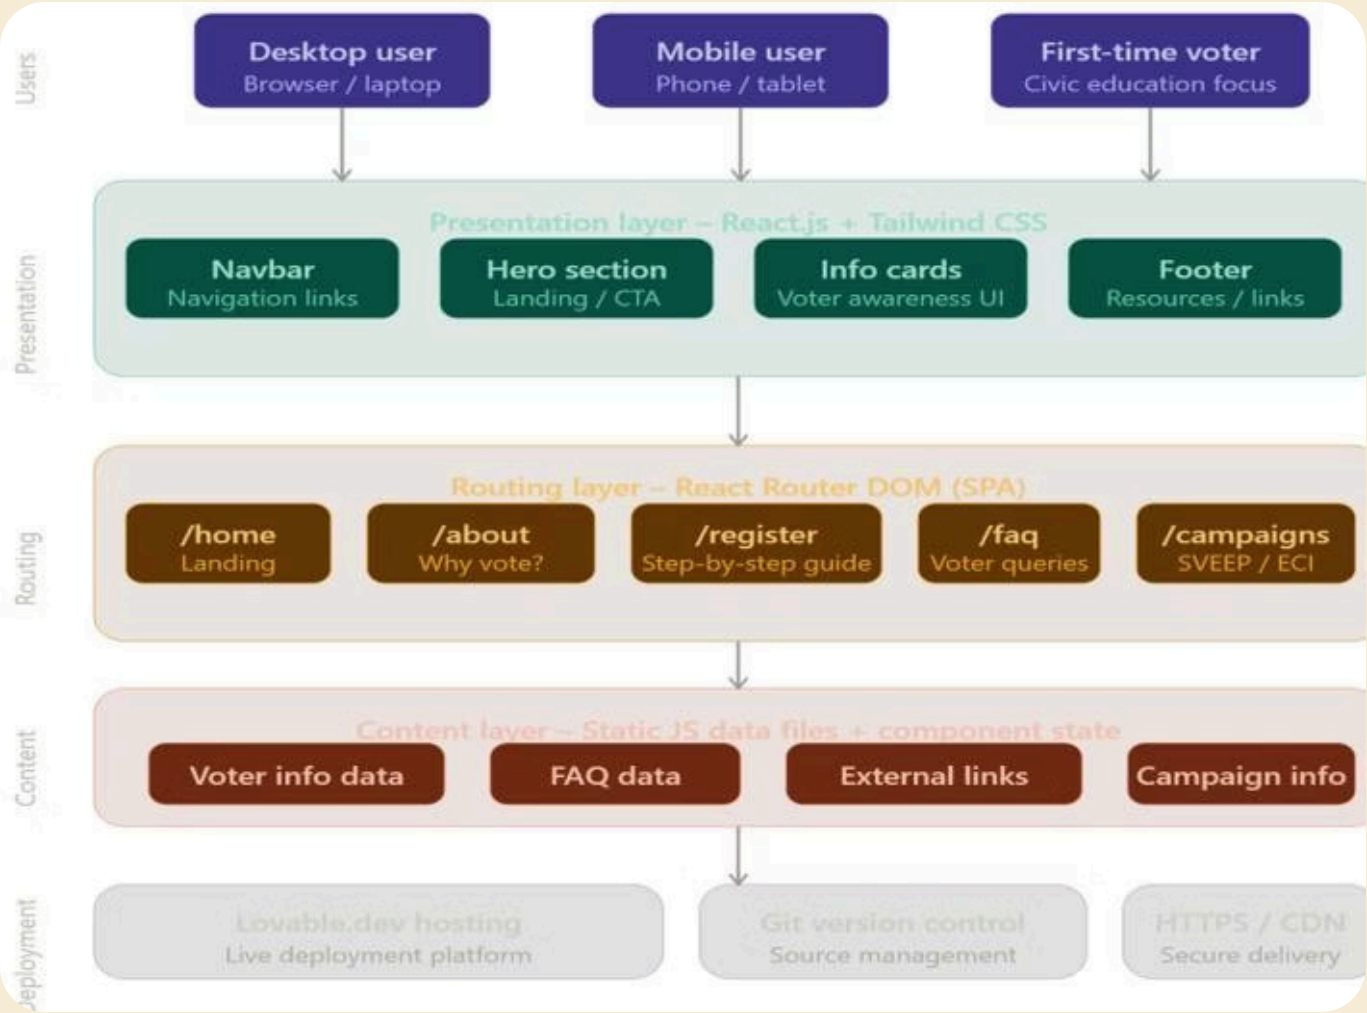

Rights & FAQs

Constitutional rights & common queries

SVEEP Campaigns

ECI awareness initiatives

System Architecture

5-Layer Architecture

01

Users

Desktop, Mobile, First-time voters

02

Presentation

React.js + Tailwind CSS

03

Routing

React Router DOM (SPA)

04

Content

Static JS data files + component state

05

Deployment

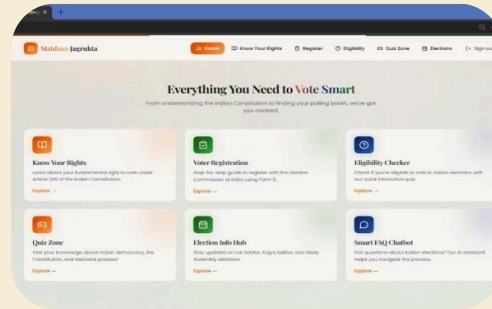

Lovable.dev + Git + HTTPS/CDN

Portal in Action

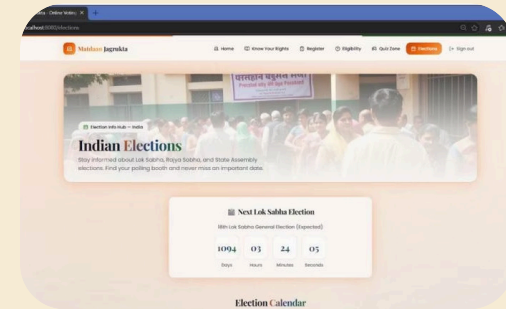

Home Page

"Your Vote, India's Future!" — Hero section with Dr. B.R. Ambedkar quote and eligibility CTA.

Feature Hub

Six modules: Know Your Rights, Registration, Eligibility Checker, Quiz Zone, Election Info, Smart FAQ Chatbot.

Elections Hub

Live countdown to Lok Sabha elections, election calendar, polling booth finder, and candidate info.

Key Modules

Voter Registration Guide

5-step process: Eligibility » Documents (Aadhaar, photo, address proof) » Form 6 » BLO Verification » Receive EPIC.

Quiz Zone

Three quizzes — Indian Constitution, Indian Elections, and Myth Busters — to test civic knowledge interactively.

Voting Process

Explains EVM & VVPAT operation, polling station location, documents to carry, and voting day procedure.

SVEEP Campaigns

Highlights ECI's Systematic Voters Education programme, National Voters' Day (Jan 25), and electoral literacy drives.

Tech Stack

React.js v18

Component-based frontend, virtual DOM for fast rendering

Tailwind CSS

Utility-first styling, consistent responsive design

React Router DOM

Client-side SPA navigation — no full page reloads

Lovable.dev

Live deployment with HTTPS/CDN and Git version control

Testing & Performance

<2s

Page Load Time

Initial load on Chrome

3

Browsers Tested

Chrome, Firefox, Edge — all pass

8/8

Test Cases

All functional test cases passed

3

Device Types

Desktop, Tablet, Mobile — fully responsive

- ✓ All modules — Home, Registration, FAQ, Campaigns, External Links — verified functional and responsive across all tested environments.

Future Enhancements

Multilingual Support

Hindi, Tamil, Telugu, Bengali, Marathi

AI Chatbot

Real-time voter query helpdesk

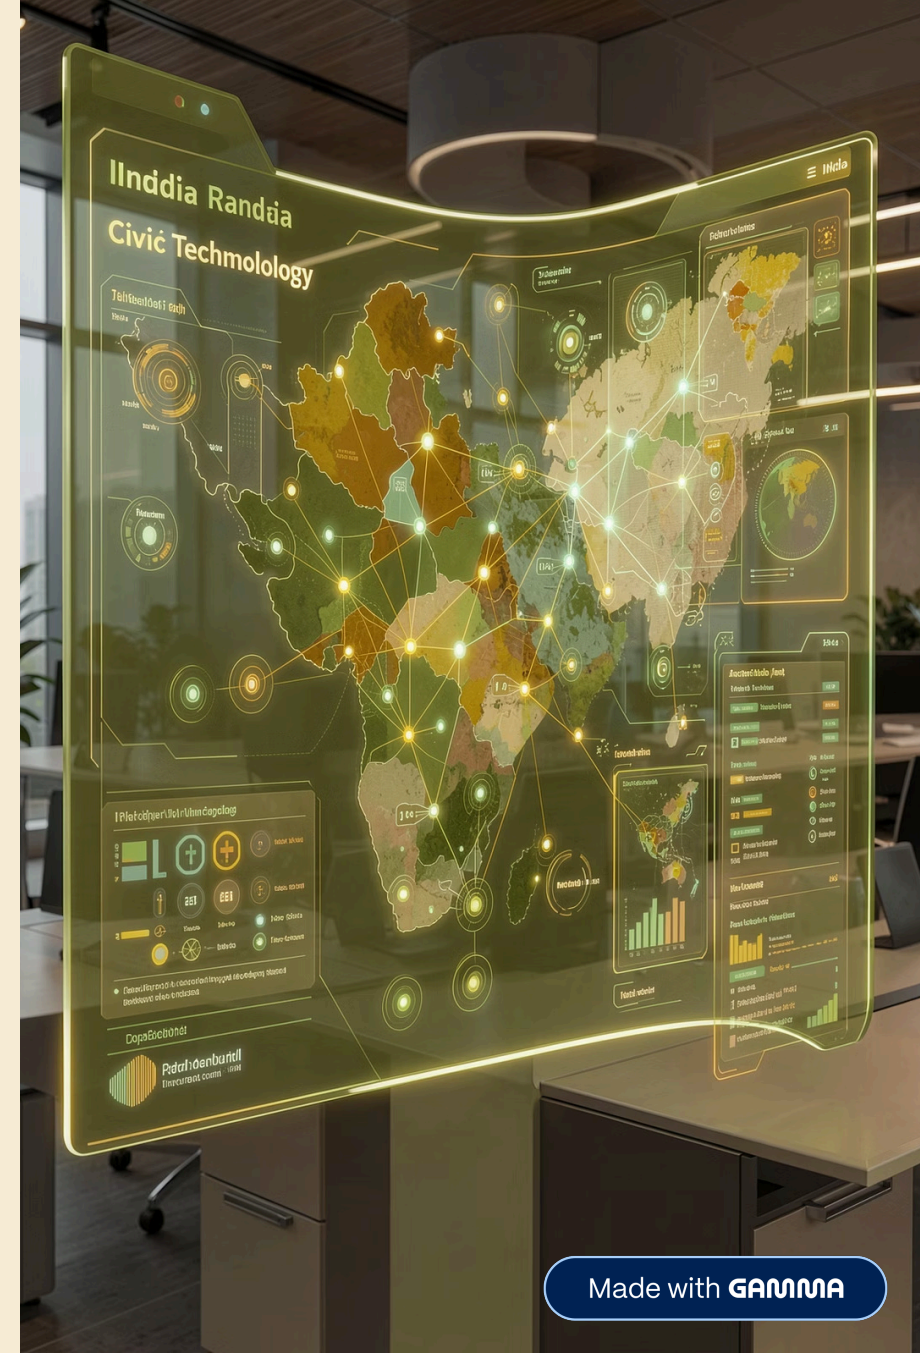

Polling Station Locator

Map-based tool via voter ID / pincode

PWA & Offline Access

Progressive Web App for offline content

Conclusion

"The ballot is stronger than the bullet."

Matdaan Jagrukta successfully delivers a modern, responsive, and informative civic education platform — bridging the voter awareness gap in India's democracy through accessible digital design.

Built With

React.js + Tailwind CSS

Deployed On

Lovable.dev (Live)

Impact

Empowering every eligible Indian voter
